

DATASHEET:

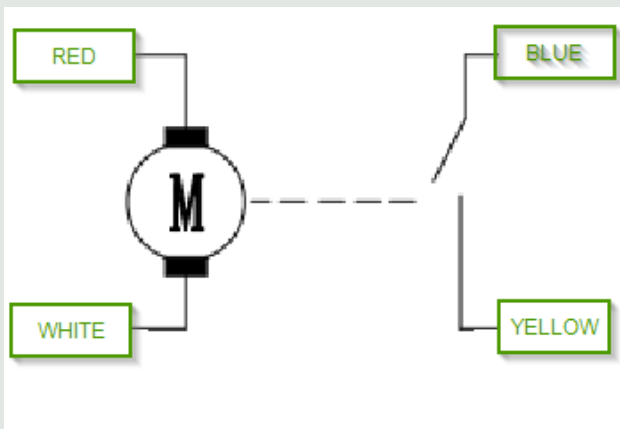

Charging Plug lock actuator

EV EUROPE

Type	DSIEC-ELM
Rated current	12V 0.3A
Operation voltage	12V DC
Operating Temp	-30°C to +70°C
Case Material	Thermoplastic, flame retardant grade UL94
Working cycle	<300ms for 3 seconds MAX
Terminal Temperature	<50K
Withstand Voltage	500V AC 1S
Standard wiring	12V 0.3A 4x 0.25mm ²
Length	600mm
Control Method	4 or 3 wire operation available Refer to below wiring diagram
Color	Black

Wiring 4 wire execution

Wiring 3 wire execution
